Point of Use

Drinking Water Systems

AWS HAS THE ANSWER!

If you are looking for a high-quality, heavy-duty drinking water filtration system, AWS may have just what you are looking for. Whether you need a simple countertop filter, or a complete system for your whole kitchen, small office or business, AWS has a wide range of sizes and types. If you are on city water that contains low levels of minerals and salts, a carbon block filtration system that removes chlorine, tastes and odors but leaves the minerals in, will provide high-quality, great tasting water for all your needs. If you are on a private well or city water that is high in minerals and salinity, a filter system that also removes or reduces minerals, such as the our Reverse Osmosis Systems or Distillation Systems, may be preferred.

Why Use a Point-of-Use Water Filter System?

Use a point-of-use filter system if you are on city water and want to remove chlorine, chlorine by-products, organic compounds, lead, cysts, tastes, or odors*, but want to leave the mineral content the same.

Choose from:

- * SeaGull Stainless Steel Systems
- * Hydrotech NSF Certified* Systems

Systems Come Complete With: Mounting Bracket, Filter Cartridges, Tubing, Fittings, Feed Water Valve, Lead-Free Faucet, Installation Manual, Filter Wrench

Note: Note: Only systems certified by the "National Safety Foundation," Under Writers Laboratories or, are labeled California Certified can make specific claims related to contaminants that are injurious to health. AWS has literally thousands of Custom Water Treatment Systems, Products, Parts, Supplies and Services available for thousands of diverse applications. If you don't see what you want, e-mail or call us, we likely have what you are looking for, whatever the application.

SeaGull IV "Structured Matrix" Filters from General Ecology: Best quality available. NSF and California Certified removal for chlorine, lead, cysts, and organic contaminants such as chlordane, TCE and PCBs. 10 year warranty on stainless steel heavy-duty housing. Cartridge rated for 1000 gallons of use, change once a year on average. For water containing sediment, or on systems with aging pipes, install a 50 micron prefilter. Seagull X1 models produce 1 gallon per minute ("GPM"), X2 model produces 2 gallons per minute.

Description	Part#	Dimensions	Weight	Price
Seagull IV X1-KF w/ Faucet & SS hoses	MSO-0008-0	5"x 5 1/2" x5"	6	\$657.00
Seagull IV X1 Basic Model (no faucet)	MSO-0071-0	5"x 5 1/2" x5"	6	\$358.00
Seagull IV X2 Basic Model (no faucet)	MSO-0050-0	5"x 5 " x 11"	7	\$635.00

Filter Cartridge Replacements

Cartridge for X-1, RS-1	F10-0060-0	4 1/2" x 3 3/4"	3	\$152.00
Cartridge for X-2, RS-2	F10-0061-0	4 1/2" x 9"	4	\$299.00

Hydrotech Aquafier Under-Sink Carbon Filtration System: Four-stage NSF-certified filter system reduces lead, cysts, chlorine, volatile organic compounds (VOCs), sediment, tastes, and odors. Unique faucet monitor (included) indicates filter cartridge life by measuring volume of water that is dispensed through the system. Two year warranty. 0.5 gallons per minute flow. Change cartridges approximately every 1750 gallons. Pre-filter may need to be changed more frequently if water is high in sediment, or on houses with aged plumbing.

Description	Part#	Dimensions	Weight	Price
Aquafier with Smartap	MSO-0068-0	13" x 12" x 16"	12	\$355.00
Aquafier without Smartap	MSO-0017-0	13" x 12" x 16"	12	\$275.00

Filter Cartridge Replacements

Carbon Filter Cartridge S-FS-24	F10-0288-0	10" x 2"	1	\$19.00
CTO Extruded Carbon Cartridge S-FS-19	F10-0178-0	10" x 2"	1	\$17.00
Lead Filter Cartridge S-FS-13	F10-0179-0	10" x 2"	1	\$28.00
