Clack CleanSource 1-Stage Countertop: NSF Certified*, For use on municipal water, reduces lead, chlorine, turbidity, taste, and odors. Digital meter counts gallons used and number of months the filter has been in service, and alerts you when 50 gallons remain, or when the service life of the filter has expired. Installs in minutes, comes with attractive diverter and plastic spout, which is adjustable. Conforms to NSF Std. 53 for Lead and Turbidity reduction and NSF Std. 42 for Chlorine (Class 1) and Taste and Odor reduction as verified and substantiated by test data. Does not desalinate water.

Part #	Description	Dimensions	Price Each
CT0-0021-0	CleanSource Countertop System	5" x 5" x 12"	\$121.00
F10-00287-0	Matrikx Replacement Carbon Filter	3" x 10"	\$40.00

SeaGull X-1D Structured Matrix Countertop: The best countertop carbon block system on the market: unique filter multi-media filter cartridge, stainless steel housing and diverter valve; NSF & California Certified*. Removes lead, cysts and bacteria. Filter changes easy. Optional Hand-Pump allows emergency purification of non-pressurized sources.

Part #	Description	Dimensions	Price Each
CT0-0018-0	SeaGull X-1D Countertop	5" x 5" x 8 1/2"	\$496.00
F10-0060-0	SeaGull Replacement Carbon Filter	3 3/4" x 4 1/2"	\$146.00
P60-0063-0	SeaGull Heavy-Duty Hand Pump Kit	2" x 12"	\$215.00

Waterwise Countertop Distiller: Rugged stainless distiller heats water to 212°F killing all bacteria and viruses. Pure water vapor condenses into pure water into collector storage bottle, which comes with a tight fitting cap to eliminate absorption of taste and odors. Easy to use, just fill with one gallon of tap water and plug into 120v standard outlet. Produces one gallon of purified water in six hours. Final carbon polishing filter included.

Part #	Description	Dimensions	Price Each
D50-0004-0	Waterwise 4000 Distiller	9" x 9" x 15"	\$279.00
F10-0278-0	Carbon Filter Replacement, Package of 6	2" x 3"	\$12.00

* Note: Only systems certified by the "National Safety Foundation," the Underwriters Laboratories or that are labeled California Certified can make specific claims related to contaminants that are injurious to health. AWS has literally thousands of Custom Water Treatment Systems, Products, Parts, Supplies and Services available for thousands of diverse applications. If you don't see what you want, e-mail or call us; we likely have what you are looking for, whatever the application.
