

High Flow Reverse Osmosis Systems

Water Factory Systems SQC-Series
22 to 33 gallon per day high-flow
reverse osmosis system

**Slim profile! Space-saving design.
Fits in tight spaces easily.**

High output reverse osmosis for the home and office!

- **Makes pure water quickly:** Now you can get great water pressure at your fingertips, unlike cheap home club or hardware store systems. Great for use with refrigerators and chilled water dispensers and ice-makers that demand higher flows and pressure.
- **Full 3/8" flow to faucet:** eliminates slow-flowing faucet problems common with 1/4" tubing found on most consumer grade systems.
- **Top-quality thin-film membranes:** membranes typically last for 3 to 5 years with proper maintenance and care. Change filters typically once per year.
- **Outstanding removal rates:** 98% - 99% rejection of total dissolved solids. Highly efficient pre-filter and activated carbon system removes chlorine, chemicals and organic compounds if present.
- **NSF certified:** National Safety Foundation and California certified means you can count on quality and performance.
- **Easy to service yourself:** easy-change filter canisters make changing the filters a snap. No tools required. Save money on service charges.
- **Easy to install:** comes complete with faucet, tubing and installation components. Fits easily beneath kitchen sink or other cabinets.

SQC CTA Item Code RO0-0141-0 \$553.00

For chlorinated water

- SQC Sediment Pre-Filter to remove dirt/rust and protect ROmembrane
- 22 - 33 gallon (83-125 liter) per day membrane
- SQC Carbon Post-Filter for excellent taste and improved flow at the faucet

SQC2 Item Code RO0-0133-0 \$553.00

For non-chlorinated water

- SQC Sediment Pre-Filter to remove dirt/rust and protect ROmembrane
- 22 - 33 gallon (83-125 liter) per day membrane
- SQC Carbon Post-Filter provides superior filtration and improved flow at the faucet

SQC3 Item Code RO0-0132-0 \$553.00

For both chlorinated and non-chlorinated water

- SQC Pre-Filter to remove dirt/rust and protect ROmembrane
- 22 - 33 gallon (83-125 liter) per day membrane
- Two SQC Carbon Filters (one before membrane& one after membrane) provides superior filtration and improved flow at the faucet.

SQC4 Item Code RO0-0131-0 \$581.00

For both chlorinated and non-chlorinated water

- Dual SQC Prefilters for additional membrane protection & sediment reduction
- 22 - 33 gallon (83-125 liter) per day membrane
- SQC carbon post-filter provides superior filtration and improved flow at the faucet

**SQC2, SQC3 & SQC4
Average Reduction Percentages**

Arsenic	98.7%	Barium	97.9%
Cysts	99.99	Cadmium	98.6
Lead	98.6	Selenium	92
Dissolved Solids (TDS)	96	Chromium (Hexavalent)	91.3
Radium 226/228	80	Chromium (Trivalent)	94.1
Turbidity	98	Nitrate	84.5

See specification sheet for feed water & operating requirements. For a complete list of contaminants removed visit www.waterfactorysystems.com. Third party tested and approved.

Filter Cartridge Replacements

ITEM CODE	DESCRIPTION	WATERFACTORY #	PRICE
F10-0056-0	Sediment Prefilter (for SQC-CTA & SQC2)	47-55702G2	\$34.00
F10-0248-0	Sediment/Carbon Prefilter (for SQC3)	47-55710G2	\$54.00
F10-0055-0	Carbon Block Filter (for SQC 2, 3, 4, PRO)	47-55706G2	\$33.00
F10-0373-0	Granular Carbon Filter (for SQC4 / Pro)	47-55704G2	\$54.00
R10-0257-0	Membrane 13 - 19 GPD (for SQC-CTA)	66-4603G2	\$180.00
R10-0253-0	Membrane TFC 22-33 GPD (for SQC2, 3, 4)	66-4706G2	\$180.00
R10-0258-0	Membrane TFC 28-40 GPD (for SQC-Pro)	66-4703G2	\$180.00

Larger Storage Tanks (SQC systems come standard with 2 gallon space-saver tanks)

T60-0020-0	Amtrol 5.0 Gallon Blue 3/8" Valve		\$243.00
T60-0004-0	RO-Mate20 10 Gallon Blue 1" Valve		\$388.00
T60-0008-0	RO-Mate30 15 Gallon Blue 1" Valve		\$550.00
T60-0005-0	RO-Mate40 20 Gallon Blue 1" Valve		\$663.00

SQC Pro Item Code RO0-0142-0 \$1046.00

For both chlorinated and non-chlorinated water

- 40 gallon per day with pressure pump system
- Ideal for low pressure applications, or where larger volumes of pure drinking water are desired.
- Dual SQC Pre-Filters for additional membrane protection & sediment reduction
- SQC Carbon Post-Filter provides superior filtration and improved flow at the faucet
